February Meeting: Dissolution Recycling of Polyolefins Using Alkane Solvents

Dr. John Layman (Senior Director, Procter and Gamble) will present at our February 24th meeting. John is currently a Senior Director in Corporate R&D at The Procter & Gamble Company (P&G). His efforts are focused on helping P&G develop more environmentally responsible product choices that help consumers and industry reduce overall environmental impact. He earned his Ph.D. in Macromolecular Science and Engineering from Virginia Tech and his B.S. in Chemical Engineering from Virginia Commonwealth University.

The event will take place in person at Mount St. Joseph University in the Theatre Lobby. The evening starts with a social hour at 5:15, followed by a buffet dinner at 6:15 and the presentation at 7:30. We will stream the presentation via Zoom. Click [here](#) for more information and to register.

Per the current practice of the American Chemical Society, we require all attendees at in-person events to have proof of full vaccination against COVID-19 as defined by the CDC. We observe social distancing. Wearing a mask is mandatory except when eating or drinking. This is in line with the requirements and practices of the organizations providing the venues.

Nominations for Chemist & Research Assistant/Technician of the Year

These awards recognize outstanding individuals who work in chemistry related fields and have made significant contributions to their field, society and community. We encourage you to nominate deserving individuals by February 21st. Click [here](#) for more details.
