Happy Valentines Day to all ACS Cincinnati Local section members! Hope you enjoy plenty of Chocolate for the month of February...I know I will! There are some very interesting articles on the "Chemistry of Chocolate" by doing a quick web search. As a Chemist, its important to not only think about chemistry in our work lives but everyday lives as well. For example, Theobromine is a stimulant found in chocolate and comes from the same family of compounds as caffeine; the darker the chocolate the higher the concentration of Theobromine. Something to think about if you have a choice between milk chocolate or dark chocolate.

This past month we had a great turn out for the January 2016 local meeting at Mt St Joseph University. Thank you to Jamie Titus and the rest of the Mt St Joe faculty for helping to coordinate and pull off a great event! We had the pleasure (enjoyment) of having Professor Al Hazari speak on the topic of "A Fun (but Educational) History of Chemistry." I had met Al this past year at the ACS National Meeting in Boston, and was very excited welcome him back to Cincinnati. His presentation was great for educators and chemist that help with public outreach efforts. He was able to show fun, yet educational, ways of speaking to the general public/kids about chemistry concepts. I know I walked away with some new tools for my chemistry demo toolbox.

On Thursday February 18th, the Cincinnati Section will host the February Meeting at Procter & Gamble Mason Business Center. Dr. Glenn Boutilier, recently retired from P&G and one of the most respected VMS member is our featured presenter. He will speak on the topic of "Mastery and Other Critical Attributes for Successful Innovation." I have known Glenn since I started at P&G, and am positive that this will be a great talk that you won't want to miss.

ACS CERM 2016 is in full steam ahead! Please plan to show your support for the ACS Central Regional Meeting in May 2016. Dan McLoughlin and Roger Parker are organizing this conference. If you or your company would like to help support this effort, please go to this website for more information: www.acscerm2016.org

Call for 2016 Chemist and Researcher of Year Nominations Deadline extended to Feb 15th

January 8, 2016 (Mike Weaver)

Recognize your colleagues and co-workers for their outstanding contributions to our field. Please submit a nomination for Cincinnati Chemist of the Year or Research Associate of the Year. The nomination deadline is extended to Feb 15th, 2016.

The Chemist of Year should hold a terminal degree and must be a member of the Cincinnati section of the ACS. A nomination requires two letters of recommendation and the nominee's CV. The Research Associate of the Year must be or have been a practitioner within the chemical discipline, but ACS membership is not a requirement. A nomination requires a letter of recommendation; CV and additional documentation are optional, but appreciated.

Nomination materials should be sent to: [Mike Weaver](#).

The Bioscience Event for Innovators and Intellectual Property Professionals

The Horseshoe Casino --- April 21, 2015

CincyBio is proud to welcome speakers this year from Eli Lilly & Co, Procter & Gamble, Finnegan, CincyTech, Cincinnati Children's Hospital Medical Center, Mintz Levin, and others.

CincyBio's speakers will cover such topics as Withstanding Scrutiny During Biotech IPR and PGR, Natural Products Strategies for an Uncertain Future, International Strategies in Light of US Eligibility, and Protecting the IP of Future Biotech Innovation.

CincyBio is geared towards not only attorneys, but also the innovators, entrepreneurs, and businesses that work tirelessly to bring their ideas and inventions to life.
